Internship Experience

MERN Stack Developer Intern, REGEX Software Pvt. Ltd, Jaipur | Jul 2024 – Aug 2024

- Built a full-stack e-commerce web application using the MERN stack (MongoDB, Express.js, ReactJS, Node.js).
- Developed responsive user interfaces with ReactJS and optimized page load performance.
- Collaborated with the back-end team to integrate product listing APIs.
- Used Git and GitHub for version control and project collaboration.

Projects

Food Delivery Website Application

- Developed a web app using HTML, CSS, JavaScript, and ReactJS for seamless food ordering.
- Integrated dynamic banners, filters, and navigation components to improve UX.
- Enhanced performance and usability by implementing reusable React components.

Quiz Application

- Created an interactive quiz platform using HTML, CSS, and JavaScript.
- Included real-time countdown timers, score tracking, and user feedback for enhanced learning.
- Designed a clean UI with responsive design principles.

Certifications

- JavaScript Algorithms and Data Structures – freeCodeCamp
- Front-End Web Development – Coursera
- MERN Stack Development – Regex Software Institute

Extra-Curricular Activities

- Participated in Smart India Hackathon
- Competed in Debate Competition held by IEEE JECRC
- Attended Zero Hour Summit by MUN JECRC
- Completed C++ Programming course by Samyak Computer Classes

Interests

Reading Books, Trekking
